From The Registrar's Office

Academic Policy Changes for the 1998-1999 Academic Year:

The following changes in College policy were made during the 1998-1999 academic year:

- The grade designation of "ng" (no grade) was implemented for the use of the Registrar's Office. This will allow the Registrar to send out grade reports when a grade is not provided by an instructor.
- A change in the definition of 'U' (Unauthorized Withdrawal) grade designation was approved by Faculty Assembly at the April 9th, 1999 meeting. The definition is as follows:

"Unauthorized Withdrawal"

"The designation of Unauthorized Withdrawal, "U", may, **at the discretion of the Instructor**, be assigned in lieu of a grade of "F" when a student:

- a. does not attend a course but fails to withdraw officially
- OR
- b. does not attend a sufficient number of class meetings."

- .The following changes have been made in the college's policies with regard to **Directed and Independent studies**:
 - a. **Directed Studies** will provide a means for students to complete a regularly scheduled course when prevented from attending the course for specific reasons. The actual course number will be used followed by a directed study designation (His 25 DS). There will be an expectation of a minimum of 6 student contacts that may include E-mail, fax, phone calls, etc. A syllabus will be attached to the form.
 - b. **Independent Studies** will provide students with the opportunity to design a course of their own. An Independent Study will never include the content of a regularly scheduled course. There will be an expectation of a minimum of 4 student contacts. (This form will also note that (1) unit of credit is equal to 30 student work hours.) Independent Studies should be granted only in the areas of the students major and/or minor.

From Student Activities Office

ATTENTION: All flyers or printed materials that you wish to post must be approved by the Student Activities Office in Bldg. 7. Any materials found on campus without the proper approval will be discarded immediately. Thank you for your support.

Are you interested in becoming involved in your school activities? Do you want to make your college years memorable? Do you have at least a 2.0 cumulative GPA? If so, then apply for an Associated Student Body position.

Come to the Student Affairs Center in Bldg. 7 and pick up an application. Over 16 different positions are available. The applications are due on Tuesday, September 14th, so hurry up before time runs out!

Who's Who at Doheny!

Every time we think we have too much to do and too little time, there comes along an individual whose daily schedule puts ours to shame. **Michael Cooper**, our "**Person of the Week**," is a perfect example. Cooper, who teaches three courses this semester (SOC 10 Deviance & Youth; SOC 49 Multicultural Issues for Urban Healthcare; and SOC 120 Case Management) has been with the Mount for three years, having been "recruited" through the Volunteers in Service to Others (VISTO) Program initially to teach a course in the juvenile and adult justice systems. Teaching isn't his only calling: he is a full-time Deputy Probation Officer and Forensic Social Worker, with a specialization in the treatment of juvenile sex offenders. We're not done yet...he also maintains an active private practice as a licensed Clinical Social Work Therapist. In a "killer schedule" that has him teaching here in the mornings (Monday through Friday), reporting to the Probation Department for a full day's work, going home in time for dinner, and seeing his private practice clients in the evening, he still finds time to be a field instructor and adjunct professor at USC and Cal State Long Beach, and will be lecturing at both institutions this semester.

Cooper's "previous life" is as varied as his current one. He served as a journalist and combat photographer in Vietnam, and began his professional life as a corporate vice president for a manufacturing company and national manager for a (photographic) film company. After rethinking his goals in life he followed his heart and returned to graduate school at USC, where he received his Masters in Social Work. He is also a licensed Clinical Social Worker.

Cooper's work as a probation officer and investigator involves even more of his time when he's called to serve as an expert witness concerning juvenile offenders and to provide evaluations for family court. He has a current case load of over 160. After this year, he hopes to simplify his life (but only slightly) by doing straight investigative work for the Probation Department.

It is obvious that Michael Cooper made the right choice in his life; as an adult, he realized what was missing in his professional life and went after it. It is also clear that he loves what he is doing, in spite of the seemingly impossible schedule he must follow. It is indeed a huge tribute to his faith and family that he is *always* smiling!

Please join us in thanking **Michael Cooper** for all he does for Mount St. Mary's College and the Los Angeles community.

More details to follow in the next Doheny Happenings issue. Find out who should get the flu vaccine.

Vital Information For Students To Be Aware Of:

 - 3.) Your own health care provider, depending on your health care coverage.

Please note: If you carry MSMC health insurance, please note that all **routine appointments** requiring the need to see a physician or nurse practitioner such as physical examinations, PAP smears, etc, **must** be done at Chalon Health Services.

If you become severely ill or injured over the weekend or after clinics have closed during the week, you may go to the nearest emergency room near the campus; these include: California Hospital Medical Center or Orthopedic Hospital. **Please be aware that emergency rooms are designated for true emergencies only.** If you are a resident in the dorms, please notify your RA and Residence Life Director regarding an admission to the hospital or emergency room as soon as possible. WHO'S WHO AT DOHENY!

Psyched To Be Here!

Who Am I?

My name is Dr. Deborah Southerland. I have recently joined Counseling and Psychological Services as a staff psychologist, and I work on both the Doheny and Chalon campuses.

Why Am I Here?

As a member of Counseling and Psychological Services, I am committed to the growth and development of Mount St. Mary's College students. I am available to talk to you about any concerns or problems you might have, such as stress, relationship issues, depression, or disordered eating. I am also happy to meet with you as a consultant. For example, you might have a friend you would like to help, but are not sure how to do so. I can meet with you and suggest ways you can help your friend. Additionally, I can provide programs and presentations on a variety of psycho-educational topics to groups in residence halls, classes, and clubs.

How Did I Get Here?

I have a doctorate in Counseling Psychology from the University of Southern California (USC). I also have a Master of Marriage, Family, and Child Counseling from USC, and I am a licensed Marriage and Family Therapist. My specialty areas are cross-cultural counseling, substance abuse, and eating disorders. I have worked in very diverse settings, but I particularly enjoy college counseling centers—I love working with students.

Where Am I?

You can find me on the Doheny campus every **Tuesday morning** and all day on **Thursday**. My office is located on the **first floor of Building 7**. My phone number is **213-477-2668**. On Monday and Tuesday afternoons, I can be found at the Chalon campus.

I am excited to be part of Mount St. Mary's College and I look forward to meeting you.

Thank You!

Sister Allne Marie is most grateful to those faculty, staff, students and friends who so promptly and generously responded to the request for hospitality and care for a Peruvian child. He will undergo surgery very shortly—no longer in Los Angeles, but in Virginia. However, please keep your hearts open to further requests, as the benefactor is hoping to bring more seriously impaired children from Latin America.

2. Some of you have been receiving letters listing the health requirements that are missing. If you have received such a notice, please call me to schedule an appointment. If you are a new freshman commuter, we strongly urge you to complete your health requirements as well. If you need any forms to take to your health care provider for completion, you may pick one up at our office.

Flu Shots

As you probably already know, the flu vaccine is now available at our office for **only \$5.00**. The influenza is available to students, faculty, and staff. Appointments are suggested and strongly encouraged!

Who should get the Influenza(flu) Shot?

1. Anyone over the age of 65 .
2. Adults or children with a chronic disease such as diabetes, asthma, cancer, heart disease etc.
3. Any woman who is pregnant and will be in her second or third trimester during the flu season.
4. Health care workers (**including students doing clinical orientation such as PTA, OTA, and Nursing students**).
5. Anyone that is immuno-compromised, meaning less able to fight infections, i.e. , those with HIV, those receiving treatment for cancer, those on long-term steroid therapy, etc.
6. People that live with or are in close contact with those that have a chronic medical condition.

The Flu Shot can also be given to:

1. Individuals that provide human services.
2. Staff, faculty, and students in schools and colleges (especially those that work with children or the elderly).
3. **ANYONE THAT WANTS TO REDUCE THEIR CHANCE OF GETTING THE FLU THIS YEAR.** (especially those of you that get frequent respiratory infections, including the flu, strep throat, bronchitis, etc.)!

When should you get the Flu Shot?

The best time to get the flu shot is in October or November. The vaccine begins to provide protection approximately two weeks after the injection. It is **not** immediate. Flu outbreaks peak between late December and early March, so getting the flu shot in the fall will let your immune system build up maximum protection later in the winter. The flu shot must be given every year.

In next week's issue, I will discuss the side-effects, risks, and other important information regarding the Influenza Vaccine. Don't miss the next issue!

If you have any questions regarding the above information, please do not hesitate to call me.

Continued Series on The Flu Shot:

Myths and Misconceptions About the Flu Shot: Reference: Hughes, R., (1995), Good Housekeeping Magazine.

1) *Why should I risk dangerous side effects?

The most common side effect, felt by less than a third of those vaccinated, is up to two day's soreness at the site of the injection. In rare cases, someone may feel feverish for a day or two after the shot. Serious side effects (such as life-threatening allergic reactions as well as the nerve disorder Guillain-Barre syndrome) are now rare because current flu vaccines are highly purified, explains Edwin D. Kilbourne, M.D., research professor of microbiology and immunology at New York Medical College, in Valhalla. But they're still made by growing flu viruses in eggs, so people who are allergic to eggs should probably not be vaccinated. Instead, they can take a low-cost anti-flu medication (amantadine or rimantadine) for either prevention or treatment.

2) *It could give me the flu.

The flu vaccine is made from killed viruses that can't cause disease. So if you happen to develop the flu after getting a shot, it's just a coincidence. The vaccine takes up to two weeks to become effective, and can't protect you from an infection you catch before then. In addition, in the unlikely event that you're exposed to another flu strain (that wasn't incorporated into this year's vaccine), you'll have little or no protection against that strain.

3) *Why bother? The flu's just like having a bad cold.

The flu's not merely a cough, sore throat, and running (or stuffy) nose. Even a mild case can make you feel miserable for up to a week, with a fever, headache, muscle aches, and fatigue. A flu strain that happens to be either exceptionally virulent or unrelated to any strain you've been exposed to before can cause more severe symptoms. Worse, the virus may lead to potentially deadly complications: It can work its way deep into your lungs, causing pneumonia.

4) *It doesn't really work.

The vaccine isn't a hundred percent effective, even when it closely matches the prevailing strains. It may prevent infection in only 70 to 90 percent of healthy adults under 65 and in a mere 30 to 40 percent of older people. Still, studies have shown that even when the shot fails to avert infection, it usually lessens the flu's severity, and prevents complications.

More to come on the flu shot in the next issue, and some additional ways to protect yourselves from getting the common cold and flu. If you ever have any questions, please do not hesitate to call me.

Dear Mount Community:

Over the next two weeks we will all be spending time with the candidates for the next President of Mount St. Mary's College. We would like to share some background with you prior to these meeting opportunities. First, the committee received 35 nominations and 29 applications. A high percentage of them were well qualified and certainly a credit to the college's image in the academic community. Second, even though this was an open search, the committee and the Mount's many friends and supporters worked aggressively to encourage the application of women religious. Third, you should be aware that our process was never one of ranking (first, second, etc.) but consisted of a thorough and deliberate process of advancing those candidates that the committee saw would best respond to the mission of the College and possessed the vision and strength of qualities to lead Mount St. Mary's College into the Twenty-first Century.

We are pleased to have three outstanding candidates that will be visiting Mount St. Mary's as part of our final selection. We hope everyone will take advantage of the designated opportunities to meet each of the candidates. There are specific times for Students, Alumnae, Trustees, Provincial Council, Faculty and Staff of the Mount to visit each of the candidates at each campus. If you have a conflict with a designated time, the Presidential Search Committee will assist you in arranging an alternative. We urge you see each candidate and submit an evaluation on all three so that your input will be complete and fair. Your feedback concerning the candidate is important to the Search Committee and the College. Copies of the evaluation form will be provided at each meeting. **Please return all evaluation forms to a member of the committee or Box 64, Chalon campus no later than 12 Noon, Friday, December 17.** Thank you in advance for taking interest in assisting in the selection of the best candidate to lead the future of Mount St. Mary's College. Christmas Wish From the Dean's Office:

At Christmas we celebrate the presence of the Lord among us. May we see him in all the ways He is with us – in the faces of those we love, in the quiet of the chapel, in beauty and in silence, and in suffering and in poverty. He is with us. May our God's presence be peace and joy for each of you and may this Christmas bring many blessings to you and to your families.

Love and Prayers,
Sister Janet Duffy

SR. MARGARET ROSE

It is our sad news to inform you of the death of Sr. Margaret Rose Cafferty. A number of you knew that she was not feeling well in the last few weeks of the semester. She was diagnosed with advanced stages of cancer, admitted to Daniel Freeman Memorial Hospital, and died five days later on Wednesday, January 5. Her memorial service was held at Carondelet Center where her family, friends from Mount St. Mary's and Holy Cross Middle School, and the Sisters of St. Joseph gathered to pray and celebrate her rising to a new life.

Many of you knew Sr. Margaret Rose as a teacher and a mentor. She taught the English basic writing class and speech classes. She was a tough teacher who believed that students could learn and write well; she believed that women did not give themselves credit for their many talents and challenged each of her students to take on the dignity for which they were created.

We will miss you, Sr. Margaret Rose. Be with us as we continue to learn and grow and be the woman we were created to be.

Please visit Sr. Margaret Rose's desk in the Learning Resource Center for a memorial card of her, and to see pictures of her, and read her eulogy. You are all invited to a prayer service in her honor on **Thursday, January 27, at 1:00 p.m. in the Donohue Center.** If you'd like to read a prayer, sing a song, or participate in some way in the service, please see Sr. Carol in the Learning Center.

FROM THE ADVISEMENT CENTER:

Welcome back to a new semester! Please check your grade report and if you need to repeat a class (D, F, or English classes C-, D, or F), please see your advisor immediately. You should repeat these classes this semester if at all possible so your GPA will not be lowered. Repetition of English classes is mandatory. Congratulations to all those students who did well this first semester. Keep up the good work!

Transferring to Chalon for Fall 2000?

Chalon Transfer forms will be available in the Advisement Center starting Tuesday, February 1, 2000. Look for more details in the next issue of DOHENY HAPPENINGS. If you have any questions, please call Sr. Therese in the Advisement Center, Ext. 2665.

FROM CHALON CAMPUS MINISTRY

Welcome back and Happy New Year! The Campus Ministry "Feeding the Homeless" project is back and is a great way to bring social justice into the spotlight for the Jubilee 2000 year.

As you probably know, each Sunday night, Mount students visit with and bring meal bags to homeless men and women in Santa Monica. The meals – including sandwiches, juice, fruit and/or cookies – are made by students on Sunday afternoons, using food contributed by members of the Mount community.

The Campus Ministry food bank is currently depleted and needs your help! We are in immediate need of:

boxed juices
bread
snacks
lunch meat
sandwich bags

Due to the generous and overwhelming response of faculty, staff and students, and families, we had more bread than we could use last semester! If you'd like to donate bread, we ask that you please call Campus Ministry at Ext. 4125 and inquire as to whether it is needed for that particular week.

FROM THE LEARNING CENTER:

The Learning Center welcomes back all students to the Spring Semester. Despite our loss of Sr. Margaret Rose, we are still able to help you in many ways. Come by to see us when

- You have a paper to write and can't get started
- You want someone to help you proofread your work
- You want help reading the chapter and understanding it
- The math work is getting a little challenging
- You have a question and don't know to whom to go
- Etc, etc, and so forth.

Our hours: Monday 8 – 8; Tuesday, Wednesday, and Thursday 8 – 6; Friday 8 – 4. Drop by or call for an appointment Ext. 2690. Sr. Carol, Sr. Constance, Mark Forte, or Frankie Lennon will be there to help you.

FOR YOUR INFORMATION:

Concert on Campus! Mark your calendars for the upcoming concert on Wednesday, February 2, featuring GOLDEN BOUGH. This trio will appear at 8:00 p.m. in the Doheny Mansion and present music ranging from haunting ballads, mythical tales, and beautiful airs to lively sing-alongs and toe-tapping jigs and reels. Join in the fun and prepare to be entertained. Tickets are available free of charge to Mount students; tickets for the public are \$6.00. Contact Sister James (Ext. 2573) or the Student Services Office in Bldg. 7.

Shuttling to Chalon? The college has a shuttle bus that runs between the campuses. Riding the shuttle helps cut down pollution from too many cars AND it is recommended because there are not enough parking spaces at Chalon. So please shuttle to Chalon. There is a list of shuttle times posted at the

shuttle stop and in Bldg. 4 on the transportation board. You can get your own schedule in Bldg. 10 at the reception desk.

The one in charge of shuttles is eager to have the shuttle schedule fit for all the students. If there is not a shuttle that you can take to a class, call Carlos Guzman at 4343 or write him a note (and ask at the reception desk for them to put it in the Chalon mail bag). Tell him what campus, what days, and what time you need to be there. Give your name and phone. He will see what he can do about re-arranging the shuttle schedule to make that trip possible for you.

Attention all Students/Residents!

Every Thursday at the Doheny campus, in front of Bldg. 11, from 12:00 – 1:00 p.m., Diana Marticoreno will be present to assist you with any Telecommunication needs, inquiries, and problems.

From Black Student Union:

The Black Student Union would like to spend the month of February showcasing famous African Americans. We first want to present Madame C.J. Walker.

Madame C.J. Walker (Sarah Breedlove Mc Williams Walker) was born on December 23, 1867. She was the first American woman to become a millionaire. Madame C.J. Walker started her own line of cosmetics. Her cosmetic business made her known for being one of the most successful business executives in the early half of the century. Today in 2000 she is most known for the pressing comb. We all should thank Madame C.J. Walker for paving the way for

other cosmetic companies.

From the Student Health Office:

1. Welcome back to returning students, and a special welcome to new students.
2. The Student Health Office hours are the same as last semester.
Tuesdays 8:30 – 3:00 p.m.
Wednesday 11:00 – 5:30 p.m.
Thursday 9:00 – 3:00 p.m.
3. There are **two new vaccines** being offered by the Student Health Services starting this semester:
 - a. **Hepatitis A Vaccine** – If you are still 18 years of age, the vaccine is free. For those over 18, the cost is \$50.00 per dose. (two doses are required)
 - b. **Menomune Vaccine** – to prevent bacterial meningitis (especially important for resident students). The cost of the vaccine is \$60.00. This is a one time dose only.

We realize that these two vaccines are costly, and we will do everything we can to help you in getting these immunizations. We don't want cost to be the sole deterrent for not getting immunized. In the next Doheny Happenings, I will be discussing who should get Hepatitis A vaccine. I will also be speaking to the resident hall students regarding the Menomune vaccine in detail later in the semester.

4. A brief look at the Student Health Services events for this semester:
 - a. **Yeast Infections:** What can we do about them? Why are they so common in young women?
 - b. **Urinary Tract Infections:** What causes them? Why are they so common?
 - c. **Cancer Smart Program:** Healthy nutrition to prevent cancer
 - d. **Hearing Screening**
 - e. **First Aid Training**
 - f. **Skin Cancer**
 - g. **Health Screening Day**
5. The dates for these events will be announced as they approach. If you have any questions in regards to the vaccines, events, or any other health concerns, please do not hesitate to call or stop by my office.

I look forward to serving your health care needs.

4. Many of you have started the Hepatitis B vaccination series, but have not come back for your second and third doses. If you are due for your next dose, please come in and get it as soon as possible. Remember that all three doses are in need to achieve immunity against Hepatitis B. One or two is not enough! Also keep in mind that optimum immunity is achieved when the doses are given in a timed schedule, over a 6 month period. Waiting longer gaps between doses is not recommended.

As promised in the previous issue of the Doheny Happenings, I would like to give you some information on the Hepatitis A vaccine.

What Is Hepatitis A?

It is an inflammation of the liver by a viral infection.

How Is It spread?

It is spread from one person to another by way of water, food, or feces(stool). In other words, by drinking water, eating food or handling stool (i.e. from changing a diaper) that may be contaminated with the Hepatitis A virus.

What are the symptoms of Hepatitis A?

It causes jaundice, fatigue, abdominal pain, loss of appetite, intermittent nausea, and diarrhea. These symptoms require immediate attention by a health care provider.

How do you prevent from getting this infection?

The best protection is getting the vaccine which is NOW available at the Student Health Office. For those 18 and under it is FREE. For those 19 and over it is \$50.00 per dose. (2 doses are required) Second dose is given 6-12 months after the first one.

Who should get the Vaccine?

1. Those that travel internationally especially to countries with high rates of Hepatitis A.
2. Persons with chronic liver disease.
3. Those at occupational risk such as lab work.

The following list of people should consider getting the vaccine, but it is not yet mandated by the Center for Disease Control(CDC):

1. Child care workers, but only in certain circumstances, such as during an outbreak.
2. Hospital personnel in some situations.
3. Food handlers, i.e. in a cafeteria.
4. Custodial care workers, but only in certain situation, such as an outbreak.

If you have any questions in regards to the above information, please stop by my office or call me at Ext. 2685. I am here to help you stay healthy!

From the Doheny Happenings:

Because of the increased number of submitted articles each week, I ask that you limit your article to as few words as possible, without sacrificing clarity, and that the maximum length be one page. Also, just as a reminder: Each article should be typed and signed by the person submitting it. Articles submitted by a student should be signed by a faculty member, staff, or moderator. **LOOKING AHEAD:** Articles submitted on Wed., **March 8th**, will be for the Mon., **March 20** issue. Thank you for your past and future cooperation.

On the Mount web site, that is. Unless you tell the College's World Wide Web Committee how to improve it.

The committee is seeking help from students, faculty, staff, and alumnae and other off-campus visitors in the form of evaluating the visual appeal, navigability, and all-around effectiveness of the Mount's Web site. An on-line evaluation form can be accessed from the link "Evaluate the Mount's Web Site" on the home page at <http://www.msmc.la.edu>.

Take a minute or two to surf the Mount's Web pages and let the committee know what you think. If you don't, what you see is what you'll get!

In connection with the Y.S.O.P conference, the center for Urban partnership is hosting, "Corazon 2000". What is "Corazon 2000"? It is a volunteer project, which organizes weekend trips to Tijuana to build houses for the poor. The Sisters of St. Joseph are sponsors; they provide volunteers and financial resources to build the house. On Saturday April 29, The Center for Urban Partnership is hosting MSMC students to travel to Tijuana and assist in this worthy cause. They will depart on Friday and stay overnight in San Diego and work all day Saturday in Tijuana. They will return home on Saturday night. Students will be chosen through a point system. If you work on committees or attend any events sponsored by any of the following groups, you will accumulate points:

From The Residence Council Association & Residence Life:

Make sure to attend our general association meeting on Monday, March 6th at 7:00 p.m. in the Lecture Hall. We will discuss the remaining RCA events for the semester and upcoming RCA elections.

On Saturday, February 26, the Residence Life Staff, Resident Assistants, Floor Reps and The Residence Council attended "Central Rap". Central Rap is an annual conference that brings together all colleges from the central region. Schools such as Cal State Northridge, Cal State LA, LMU, USC and MSMC (Doheny & Chalon) and many more come together at the host school. Throughout the day, we attend workshops, play games and compete for the Spirit Stick.

The Spirit Stick is a legacy award that is part of Central Rap. The winner is determined by two factors. The first is the creation of an object that represents the host school and theme. This year our conference took place at UC Santa Barbara. We were asked to decorate a beach towel that reflected the conference theme, your home institution, and your staff. Along with the towel, we also donated can goods. These two factors determined who the winner of the spirit award would be. Doheny and Chalon joined together in the true meaning of **TWO CAMPUSES, ONE MISSION**. We are thrilled to say that we took the prize! We are also proud that many of our students presented workshops.

The following Chalon/Doheny students presented workshops:

Eneyda Reynoso & Jackie Palacios : Drop and Give me 20!

Bridget Johnson, Stephanie Tisi & Wendy Duchon : Don't Chat to Strangers

Avygail Sanchez & Jessica Rojas : Movers and Shakers

Jessica Hudson & Aimee Jade Sison: The Rose

Claire Oshima & Huong Ho: Man, You Swing Like A Girl!

- The program, "The Rose" won an award for being one of the top ten programs out of the 41 workshops presented.

The two campuses will be sharing the Spirit Stick throughout the year. We will then compete for next year at Central Rap 2001. The following is the list of Doheny participants:

Martha Armas
Michelle Barajas
Erica Bravo
Tracey Carlos
Gardenia Castro
Wendy Duchon

Thanks to all of those who submitted essays for the National TRIO Day Celebration. Congratulations to Nicole Irizarry, the grand prize winner, Maria Ochoa, the runner up and Marisa Hernandez, Mayra Bello, and Celina Banuelos for participating in the contest. GREAT JOB!

Have you met with your peer advisor this semester? Your peer advisor is here for you! If you have not heard from a peer advisor, please call Liz (ext. 2662), or Jennifer (x 2663) or stop by the ISAE Office.

From the Career Center:

What are your plans for the summer? Have you considered a summer job, but aren't sure how to search for one? Well, join us at the "Finding a Summer Job Workshop" on Tuesday, March 7th, 2000 from 1-2 p.m. in Bldg. 4, Rm. 204.

Deficiency Notices:

What do these mean? What should I do if I get one? Do they go in my permanent file?

Deficiency notices are sent by your instructors to warn you that your grade in the class is falling. Sometimes these notices say **DEFICIENCY NOTICE**, sometimes they say **MID-SEMESTER NOTICE**, some old ones even say **STEP NOTICE**. They all mean for you to sit up, pay attention, and find ways to study better. They are good news because someone is warning you early; they are also bad news because nobody wants to hear they're not doing well.

These notices go to you and to your advisor. They are in your file for awhile. They help advisors guide you to classes and majors where your strengths are. They do not go on your permanent record. When you request a transcript of your classes, it does not show that you received these notices.

PAY ATTENTION to these notices. There are a number of things you can do. Read what the instructor says there and follow his/her good advice. Make an appointment to talk to the instructor. Practice for this appointment and get help formulating good questions to ask at it. Another thing you can do is ask Sr. Carol at the Learning Center for a tutor. Tutors are free and available for students who are serious about improving their work. A third thing you can do is learn how to get more out of your textbook. Just reading the text is not enough. Taking notes from it, creating flash cards from the content, guessing at questions that could be asked are ways that students can use to prepare themselves for class and for tests. Good time management, quiet study environment, and giving *three hours of study to every one hour of class time also contribute to bettering your grade.*

Be humble about your deficiencies (and laziness, if applicable). Pray for help; the Chapel is in a convenient place to stop by for a sincere, quick prayer. Stand tall, claim your ability to face adversity, and sincerely resolve to do the best you can in the class.

Siena Day:

Dear Friends of Liz Rios,

Over the past week, we have received many calls from you wanting to know how Kiara is doing.

The type of cancer that Kiara has is called "non-Hodgkins lymphoma." She will need to undergo chemotherapy for probably about six months and will need treatment for two years. The tumor that was found at the bottom of her spine was not completely removed because to do so would have been too risky. The chemotherapy will treat the part of the tumor that still remains in Kiara's spine. There is no evidence of cancer in any other parts of Kiara's body. She began the chemotherapy treatments last week and is so far doing well.

The very good news is that the doctors have told Kiara's family that this is 99% curable. Thank you for your good wishes and prayers.

Child Development Center staff

Febrero 2, 2000

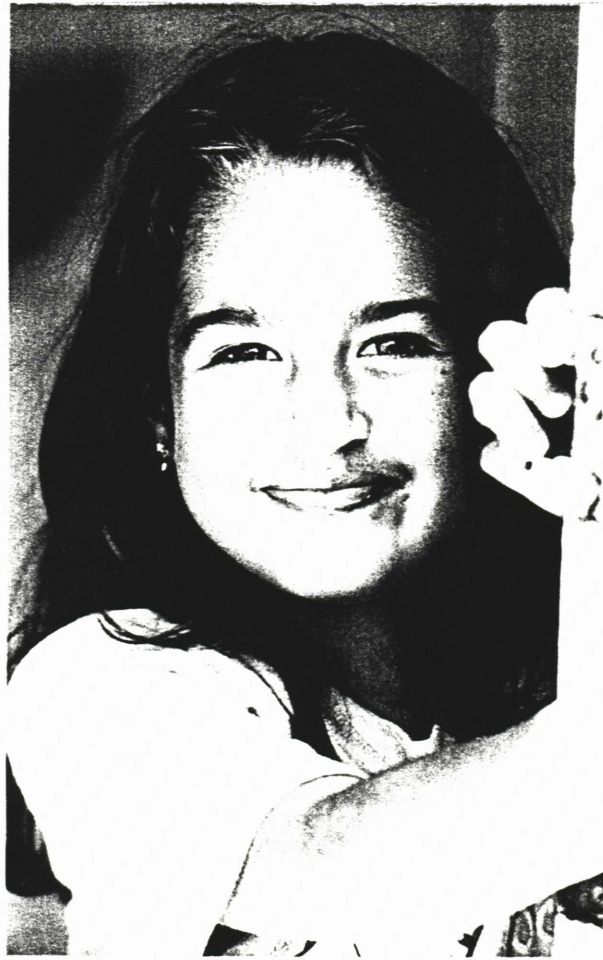

Estimados Amigos de Liz Rios

Durante la semana pasada , hemos recibido muchas llamadas de personas que quieren saber como esta Kiara.

El cancer que tiene Kiara se llama "non-Hodgkins lymphoma." Ella tiene que tener quimioterapia por aproximadamente seis meses y necesitara un tratamiento por dos años. El tumor que le fue encontrado al final de la espina dorsal no se le pudo sacar completamente porque era muy peligroso. La quimioterapia curara la parte del tumor que quedo en la espina dorsal de Kiara. No hay ninguna evidencia de cancer en cualquier otra parte de su cuerpo. Ella ya empezo con los tratamientos de quimioterapia y parece que esta bien.

La mejor noticia es que los doctores les han dicho a la familia que lo que tiene es 99% curable. Gracias por sus buenos deseos y rezos.

Los empleados del Child Development Center

*Thank you for all the nice gifts you have
given to me, and cards.*

Thank you for caring so much.

*Keep up the good prayers, they mean
a lot to me.*

*Love,
Kiara Rios*

The main lost and found on campus is at the reception desk in Bldg. 10. However, the library happens to have a collections of lost and found items, too. Right now they are on a rack in the main area, but sometimes they are kept behind the counter, and you have to ask for what you have lost. The Learning Center and IBM Computer room has lost disks. Please come and claim these items soon.

From the Learning Resource Center:

Making Transparencies for a Presentation

To avoid using the wrong kind of transparencies in printers and copiers, please read the following information on how to make transparencies.

The MSMC Bookstore sells two kinds of transparencies:

- 1) A box of 20 laser transparencies for \$15.99 or \$.19 for one.

These transparencies can be used in laser printers or in copy machines. There are laser printers in the IBM lab (3-104) and in the Macintosh lab (4-108). Most offices and learning spaces have inkjet printers. Do not use these transparencies in anything but a laser printer or one of the pay copy machines.

- 2) Overhead transparencies for \$.19

These transparencies CANNOT go through any copier or printer. Sending them through one will harm the copier or printer. They are for you to write on directly. **Do not send them through copiers or printers.**

If you do not know if the transparency can be made in a particular printer or copier, please do not use it. Using the wrong kind of transparencies in copiers and printers has caused major damage to these machines.

PLEASE READ THIS IF YOU HAVE APPLIED FOR THE MAY 2000 GRADUATION! It is most important that we hear from each of you – even if you do not intend to participate in any of the ceremonies. We want to be sure that everyone has been given the opportunity to reserve tickets. If you have not received forms – or returned them – see Sr. James as soon as possible. This is most important!

As a Mount Student, you have the opportunity to voice your opinions about your undergraduate institution. Please insert the following address into your web page browser to connect you to the Student Survey.

http://www.msmc.la.edu/Administration/InstitutionalRes/Survey_forms/sophsr.htm

Your response to these questions will allow us to measure how effective our programs and services are. Please be assured that your individual responses will be held in strict confidence. Only group responses will be reported.

If you have any questions pertaining to this survey, please contact Josie Sirineo in the Office of Institutional Research & Assessment. She can be reached at (310) 954-4225 or via email, jsirineo@msmc.la.edu.

Graduates:

The tickets have arrived and are available for you at the Switchboard (Bldg. 10). Please get your first set this week – four for free; next six are for \$2 each – for a total of six. We want to be able to tally the number we can still offer for your class. Your cooperation is appreciated.

Also, if there is anyone graduating who has not yet ordered cap and gown, do so immediately! The time is running out for Jostens to be able to produce the garb by mid-May.

Finally, have you handed in your votes for Student Speaker and Laurel Awards? The forms are on the GRAD BOARD next to room 107 in Bldg. 4. They are overdue, but if you hurry we will still accept.

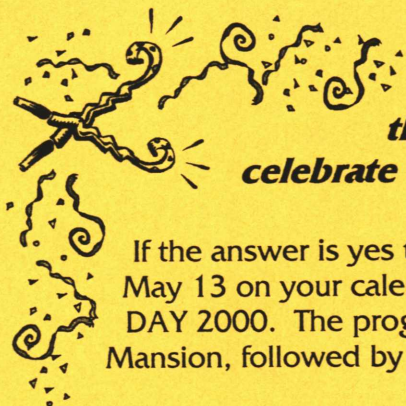

DELTAS: Your help is needed for the upcoming ALUMNAE EASTER EGG HUNT. Please check the board and sign up if you can give some time to this event on Saturday, April 15. It is always a lot of fun.

INT 93 CLASS: Please note that we have had to change our last class meeting due to the "Youth Summit". We will meet instead on Friday, April 7, at 2 p.m. in front of Food Service. Class will be a tour of the area and last until about 3:30 p.m. Thanks for your cooperation.

RED CROSS IS COMING: Our Annual Blood Mobile at Doheny is set for Monday, April 17. A sign up sheet is now available on the 48 Hour Board for those wishing to volunteer as a donor. It takes only about an hour to give the gift of life to another. Your help is needed.

Laurel Day:

Looking forward to the end-of-the-year? Want a way to celebrate with a large group?

If the answer is yes to these questions, put Saturday, May 13 on your calendar and plan to be part LAUREL DAY 2000. The program will begin at 1 p.m. in front of the Mansion, followed by a reception for all.

Graduates, undergraduates, faculty, staff, and friends are invited to attend and celebrate the close of the year "DOHENY STYLE" – that is with fun, food, and festivity. Watch for more information!

Fire Drill:

A great Effort!

Thanks and kudos to all resident students who participated in the fire drill last Wednesday evening. Your evaluations, by the preparedness committee members, indicated you knew the signal, the location for evacuation, and willingly followed the RA's and Fire Captains instructions. The most inventive group was the residents from house 20 who brought a pizza with them.

A big round of applause to Alex Sosa who had you all thinking about fire safety! I think the committee had as much fun with the bullhorns-in-a-can as the individuals who participated in the drill. We want you all to be safe while here at the Mount, so thanks again for your participation in this event.

Dr. Karen Jensen,
Chair Emergency Preparedness Committee

From the Learning Center:

PROFICIENCY TESTING: In order to graduate with an AA degree or transfer to Chalon, students must pass proficiency tests in reading, writing, note taking, and basic math. These tests will be given beginning the week of April 17. If you're not sure if you have passed all of these tests, you can contact Sr. Carol in the Learning Center. If you want some practice to help you get prepared (although it's pretty late now), you can get these in the Learning Center.

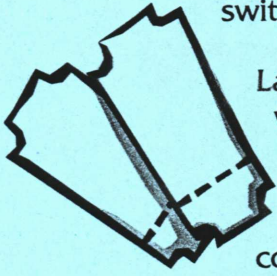

FINAL EXAM SCHEDULE: There was a Final Exam Schedule in last week's Doheny Happenings. Find it! Post it in your room; put it in your planner. Know when you'll be taking a final and when you'll be "free" for the summer. **BE PREPARED.**

From the Technology Internship Program:

Hear Ye!!! Hear Ye!! The Office of Instructional Technology is looking for the few, the brave, the energetic, the reliable. We need young women who are willing to learn more about computer technology and are available during the upcoming Fall and Spring semesters. We offer a one unit technology internship course (SPR87) which introduces students to the world of technology. This is a great opportunity to increase your knowledge in various technologies, develop interpersonal relationships and enhance your ability to provide appropriate support to the MSMC community. If you would like to participate and have available time in your upcoming Fall and Spring schedule, please contact Mary Saenz, OIT Ext. 2695 or Dan Weiss Ext. 4213.

Graduates:

Did you forget? This is just a reminder that some of you have not yet picked up your first 4-10 tickets for the 2000 Commencement. Your time is about up as we are preparing to offer the rest of the tickets for those who want more. If you still have not gone to the switchboard for "round one", it would be a good idea to do it today!

Later in the week, a sign will be posted when the remainder of the tickets will be available for sale. We still do not know exactly how many will be allotted to each graduate.

If there are any questions relative to Commencement, please be sure to contact Sr. James at Ext. 2573.

From Residence Life:

Elections for the Residence Council Executive Board are underway. If you are interested in joining RCA, make sure to pick up an application in Bldg. #7(Student Services Center) or Bldg. #15 (RCA board); they are due on April 11. Also, make sure to vote on April 12 & 13 in the Cafeteria to select the new Executive Board for the up-coming year. If you have any questions, please call Marisella at Ext. 2599.

Residents, make sure to sign up for the Roommate Game on April 27 (the original date was April 13). It will take place in the Lecture Hall at 7:00 p.m. Ask your roommate or your first year friend to participate. We will have a great prize!

In addition, the Residence Council Association will be selling raffle tickets for a beautiful Easter Egg. Inside the egg is \$50.00 worth of surprise prizes. The tickets are 3 for a \$1.00; what a bargain!

From ASB:

We would like to thank all of the students and faculty/staff that attended the Student Forum on March 30th. Topics that were discussed included security,

food services, the tuition raise,

and the residence halls. We

especially want to thank Dr. Jane

Lingua, Mr. Hyrum Hall, Sister Janet Duffy, Ms. Bernadette Robert,

Ms. Alex Sosa, and Ms. Diana Marticoreno. They were also very

appreciative of your comments, questions, and concerns and will be addressing your issues with staff members.

Mark your calendars! The Block Party will take place on April 28th between 7 p.m. – 1 a.m. Come and join the celebration that includes 3 different DJ's, extra dance space, outside schools and colleges and many more things. More information to follow!

Dear Students, Faculty and Staff,

Yesterday we began our Holy Week of Lent with the celebration of Palm Sunday. I hope as many of you as can will celebrate the great feast of the Resurrection with your families next Sunday.

All around us on our beautiful campus we are reminded of nature's new life. My prayer for you is that you will also experience new life and new beginnings. As our Spring term comes quickly to a close with finals, I encourage you to think of the poet Gerard Manley Hopkins' lovely words:

**Let Him Easter in us...
Be a Dayspring to the dimness of us...
Be a crimson-cresseted East**

Wishing you and your families our loving God's best blessing,
Sister Janet Duffy

From the Advisement Center:

SUMMER SCHOOL: Don't forget to file a **Transfer of Credit Clearance Form** in the Registrar's Office if you are taking summer classes off campus to ensure that they are approved and transferable. Be sure to request that your summer transcript be sent to the Registrar's Office at MSMC.

Transfer of Credit Clearance Info:

- Decide what you will take and where you will take the class.
- Verify that those classes are going to be offered. Most of the Community Colleges will have their summer schedules ready soon. At many colleges, you must enroll before you are able to register for classes.
- Check with your Advisor/Advisement Center to be sure the courses are transferable to MSMC and satisfy what you intend to do.
- Get a **Transfer of Credit Clearance Form** from the Advisement Center. If you are taking two classes at the same college, you may indicate both classes on the same form.
- Get your Advisor's signature and turn the form in to the Registrar's Office.
- If you can not complete the necessary paperwork before May 12, be sure to phone and confirm a time to meet with your Advisor or Sr. Therese before coming on campus.

ADD/DROP slips will be accepted in the Registrar's Office starting today, Monday, April 17.

A Message from the Dean:

Dear Students,

As we began our year in August, it was my prayer that each of you would realize that you are the Mount and that each of you would use your coursework and various activities to "actualize your gifts and talents" (*MSMC Mission Statement*) during this Millennium year.

Now, as we bring this 1999-2000 academic year to a close, I encourage you to reflect on how well you realized your dreams and goals. I also encourage you to take time this summer, not only to relax and to refresh yourselves, but also to plan ways to make next year even better.

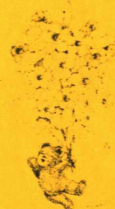

We look forward to welcome back those of you who will return to Doheny in the Fall. To those of you who will move on – to Chalon, to other colleges or universities, or to your careers – we wish you always our God's best blessings. Truly, it has been my privilege and my pleasure to work with you.

With my love and prayers,
Sister Janet Duffy

Corazon 2000: Build a House In a Day:

Saturday, April 29, 2000 was the date of the third house build in which CSJs participated. A group of approximately 90 persons "caravanned" across the border to build yet another house. Among those participating were students from Mount St. Mary's College, Doheny Campus.

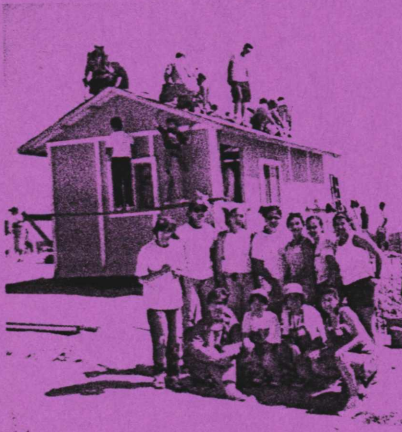

Before they had even had a chance to have breakfast, Guadalupe(left) and Ruben, accompanied by their two children Rubencito and Jose Manuel, were surprised Saturday morning with the news that this would be the day in which they would have a house constructed on their plot of land. These were the words that they expressed to us after finding out the good news: *"A thousand thanks for having given us such a marvelous gift. We cannot find the adequate words to say*

how much we thank you. You have made my family, especially my kids, very happy today. Thank you very much and may God Bless you!"(translation of mother's words)

We would like to thank the people from Mount St. Mary's that made this come true and contributed their time and hard work on Saturday, April 29th.

To the Mount St. Mary's College Community:

Many of you have asked about what plans I may have for the future. It gives me great pleasure to share with you the news that I will be returning to my home province of St. Paul once my tenure here comes to a close at the end of June. To paraphrase the well-known phrase, my heart is in Minnesota! I am looking forward to resuming those contacts with family, friends, and community that have had to be maintained by long distance during my years here, and to revisiting some of those 17,000 fresh water lakes for which the land of my birth is deservedly so renowned!

My cross-country skis also await me but I won't get a chance to use them this winter as I will be trading the Mediterranean climate of Los Angeles for the real thing by going to the University of Bethlehem in late August. The University was established in 1973 by the De La Salle Christian Brothers. Located about five miles from Jerusalem in Palestine's largest city, UB's mission is to afford Palestinian youth an opportunity for higher education. The great majority of the students are Muslim; Arabic is the language of instruction. Obviously, this limits my ability to contribute, but arrangements have been made for me to assist by teaching at least one course in English during the Fall semester.

It is a dream of a lifetime to go to the Holy Land, the cradle of the Christian as well as the Jewish and Moslem faiths. Part of that dream has been to visit the countries from which my grandparents came: Sweden and Ireland. A Dublin-based sabbatical arranged for Spring will help me realize that part of my dream. As of mid-January, I will be residing at and advising the Marino Educational Institute in Dublin and traveling in Ireland and Scandinavia in my spare time. The MEI, sponsored by the Irish Christian Brothers, awards degrees at the undergraduate and graduate levels in collaboration with Trinity University and is in the midst of implementing a strategic plan to make the Institute a college of "first choice" for Irish youth. I look forward to giving them some practical help as they create the policies and structures needed to implement their vision.

April will find me back in Minnesota, refreshed and ready to consider whatever interim positions might come my way through the Registry for College and University Presidents. This service has an excellent track record of placing experienced presidents with institutions in need of transitional leadership, to the mutual benefit of both.

I will continue to indulge my research interests in history, and will retain for now the role of coordinator for the Network on the History of Women Religious and editorship of the Network newsletter. Fortunately, program and local arrangements committees headed by others are already hard at work preparing for the fifth triennial conference scheduled to take place in late June, 2001, at Marquette University in Milwaukee.

You and I can do lots more sharing as we gather for commencement and other events marking the conclusion of academic year 1999-2000, but I wanted to communicate to you these few details concerning my future plans, and to express my deep gratitude to you for your friendship and support during my eleven years at Mount St. Mary's. Let us keep in touch and hold one another close in thought and prayer.

President
